Cyber Jobs
A GUIDE FOR GRADUATES
Cybersecurity Jobs for SIPA Graduates

What You'll Do

- Use public or secret information to analyse and assess cyber threat actors: who are they, what are they doing now, what might they do next?
- Write reports for and brief clients and senior executives

Why a SIPA Graduate?

- You will be valued for your skills in analysis and writing and because you understand the way the world works
- You will have a deep understanding of who is attacking whom and why
- You will likely be behind others on tech knowledge
