The SIPA Alumni Community (https://sipa.columbia.edu/70/alumni-community) is a comprehensive online database listing profiles of more than 18,000 graduates living around the world. The profiles are searchable by details like name, degree year, industry, and concentration. It's a great way to network with alumni.

Instructions for Alumni
All SIPA alumni are invited to join the online alumni community where you can find and connect with classmates, exchange information and ideas with other SIPA alumni and discover an exclusive professional network of other Columbia University alumni. This alumni community also includes the opportunity to create and participate in discussion groups based on field of work or study and other interests.

We hope you will enjoy this opportunity to connect with fellow SIPA and Columbia University alumni. Updating your profile and contact information will also help us stay in touch with you about upcoming alumni activities and events.

Login and update your profile with your UNI and password at: www.sipa.columbia.edu/70/alumni-community

Note regarding student access to alumni directory: Current SIPA students have limited access to the SIPA alumni directory for their individual career networking purposes only. Your contact information is set to private by default, but students and fellow alumni will be able to contact you through a link on your profile.

Instructions + Guidelines for Students
Login with your UNI and password at: www.sipa.columbia.edu/70/alumni-community.

To ensure that SIPA alumni can continue to be a resource to SIPA students, all students must follow all guidelines outlined at this link, https://sipa.columbia.edu/alumni-directory-access, including the following:

1. Students may use the Alumni Community for individual networking purposes only.
2. Students may not mass email alumni for any reason; if you are using it for networking purposes, you should be purposeful in how you contact alumni for this. No more than ten emails should be sent in any 24-hour period.
3. Students must contact the Office of Alumni Affairs to approach alumni or businesses for financial support of any kind, regardless of personal connections.
4. Students and student groups should contact the Office of Student Affairs to inquire about inviting alumni to speak at or attend events, or other outreach to alumni regarding school events and projects.

Students who do not follow these guidelines will lose access to the Alumni Community.

If you experience any questions or technical problems logging in, please contact SIPA's Office of Alumni Affairs at sipaalum@columbia.edu.
